Get Started

Step 1: Complete the Orientation!

All active members of the University of Alberta are encouraged to join our community and use the space. It's as easy as self-enrolling into our eClass and completing the online Orientation!

Step 2: Register for Training!

Once you have completed orientation, start browsing our *Equipment* and register for training. Click the image to view our current training schedule!

Step 3: Book the Equipment!

If you are trained on a piece of equipment, you are able to automatically schedule equipment time by clicking the image! Equipment can be booked up to 14 days in advance.

Elko Engineering Garage Tour Schedule

Register and attend a tour of the Elko Engineering Garage! Whether you are new to the makerspace, have already taken orientation or just want to learn more about our equipment, all active UofA students and staff are welcome to attend a 20 minute Garage Tour.

No previous orientation, training or experience is required!
